“Come & Try It”

Medical & Liability Disclaimer

The process of learning to dive begins with a “Try Dive” taster where you can see and experience the sport and then decide whether you like it enough to make a commitment to progress to a full programme of diver training as a member of the Totnes Branch of the British Sub-Aqua Club.

Sub-Aqua diving is a sport which requires general physical fitness and good health.

Anyone with a medical history of diabetes, blackouts (epilepsy, etc), perforated eardrums, high blood pressure or heart disease, any lung or respiratory disorder (such as Asthma), or dependence on drugs, should not contemplate taking up this sport without first discussing their suitability to do so with a specialist Diving Medical Referee.

The “Try a Dive” programme is available on the understanding that persons taking part:

1. Consider themselves medically fit and do not suffer from any of the disqualifying conditions mentioned above.
2. Will, in the interests of safety, comply with all instructions given to them by members of the Branch or their Instructor.
3. Are able to swim and be confident in the water.
4. There is no lower age limit to participate in the “Try Dive” programme, but the Branch reserves the right to impose a limit of minimum age or stature, as it considers appropriate. *(Participation in this event by young people does not signify any entitlement to undertake a full programme of BSAC Ocean Diver training, for which the minimum age remains 14 years).*

Every precaution will be taken for the safety of visitors and the Branch organisers or individually appointed instructors reserve the right to terminate the instruction of any person should there be any reason to doubt their fitness, ability or suitability to take part in the sport.
